Integrated Solutions for Access Control & Business Automation
— *Customizable & Fully Scalable*

How It Integrates with 3xLogic

Emergency Mustering

Affordable and easy-to-use emergency management solution, customizable to suit any business.

Starting at $1,000.

Savance automatically keeps track of people as they pass in and out of a door, and uses a mobile tablet to 1) quickly account for people at muster stations; 2) identify missing staff, visitors, and contractors; and 3) pinpoint a missing person's last location.

Large Screen Display

Large-screen digital signage solution designed to display critical information viewable at a glance.

Starting at $1,000.

Display the in/out status of staff or visitors on large format display boards (32"-55"), utilizing information from door swipes or from updates from door swipes or from updates using a mobile device, app, web browser, or kiosk.

Meeting Room Display

Digital signage system with optional touchscreen. View and reserve rooms on-the-spot, or from a PC or smartphone.

Starting at $1,500.

Badges can be used to reserve a room or to take attendance, as well as to update staff status to "In a Meeting" or similar, as attendees enter the conference room.

Staff Tracking

Easy and flexible electronic in/out board, allowing employees to sign in and out of the office as they come and go.

Starting at $500.

When staff come and go through the doors, their status is automatically updated to "In" or "Out" for communication or accountability purposes.

Time & Attendance

Electronic timesheet solution that automates data collection, and processes payroll quickly and accurately.

Starting at $1,000.

As credentials are swiped at a door, or at a dedicated kiosk using a badge, staff attendance is automatically tracked, and can be exported to Paychex, ADP, or the company's own HR system.

Visitor Management

Customizable and easy-to-use electronic visitor management solution that streamlines the visitor process for any business.

Starting at $1,000.

Revolving temporary badges can be assigned, allowing for visitors to be tracked for audit purposes or emergency mustering. Badges can also be printed and dynamically activated to grant access to certain security group for contractors.
