

Time & Attendance

Savance Time & Attendance is an electronic timesheet solution that eliminates the administrative tasks associated with paper- and punch clock-based time and attendance processes. Savance automates calculations to minimize payroll errors, and provides a flexible, hassle-free solution for employees, managers, and administrators alike.

FEATURES & BENEFITS

- Eliminate paper-based tracking methods, and simplify work life for everyone involved
- Fully scalable to any size company
- Configurable payroll time calculation rules
- Automatically apply overtime, time off, meal breaks, paid vacation time, and more
- Eliminate the problem of trying to accurately account for off-site employees
- Integrates with payroll companies like ADP, Paychex, and Quickbooks

Simple & Straightforward Check-In Methods

ACCESS CONTROL INTEGRATION

As credentials are swiped at a door, or at a dedicated kiosk using a badge, staff attendance is automatically tracked, and can be exported to Paychex, ADP, or to the company's own HR system.
